Attention: Mr. Mike Barker

Dear Mike:

RE: MGS Guelph Data Centre  
Spray Fireproofing Contract

Donalco Inc. was the fireproofing contractor of note on this project.  
The work was done in a conscientious manor with high regard to safety and schedule.

Their assistance and follow up support with our design teams by introducing different types of materials and applications which were cost effective made some unforeseen details compliant with all building codes.

Their assistance, support, delivery and participation made another challenging project that much less challenging.

Thank You

Your truly,

Chris Edge PMP
